

Would you like to check your work?

Your proof should be used to check:

- ✓ For spelling mistakes and missing digits
- ✓ That you have included all the details you want (email, URL etc)
- ✓ If your design reaches all the way to the edge of the bleed
- ✓ The orientation of your design. If you fold this page in half would your designs face the right way up?

Your proof can't help with:

- ✗ Color proofing – what you see on your screen will always look slightly brighter than the printed version. Similarly, your printer may not print exactly the same as ours.

Please note: This proof is designed to allow you to check your designs and to proofread (we know it's often easier on paper). It is not a full print-ready file. Any images on this preview are high-resolution but are not our full print resolution.

Got a question?

If you're non-technical, this stuff can be a bit confusing. Have a read through our Frequently Asked Questions at moo.com/help/faq, but if that doesn't help, please do contact our Customer Service Team at moo.com/help/contact-us.html. They won't rest until you're 100% clear about everything you need to know!

Need to print?

If you do need to print in order to accurately proof your work, please do – but remember to check how long it is! It'd be a shame to print out a 60-page document if all you need is the first one.

☒ **Bleed** (your design should fill this)

☐ **Trim** (this is where we aim to trim your cards)

☐ **Safe area** (Make sure any important aspects of your design such as text and logos are inside of the safe area, otherwise they may be cut off)

☐ **Watermark** (Don't worry, this won't print)
